

SPAIN'S ACCEPTANCE SENT. HOSTILITIES END TO-DAY.

Reply Agrees to
All Our Terms
of Peace.

Cabled to Paris

Here Now.

QUESTIONS WHICH ARE LEFT
FOR A COMMISSION TO DECIDE.

THE Spanish acceptance of our terms of peace
leaves these questions to be decided by a
commission:

- The Cuban debt.
- The date and manner of evacuating Cuba and Porto Rico.
- Protection of Spaniards and Spanish interests in those islands.
- Whether Spain shall withdraw its artillery, arms and ammunition now in Cuba and Porto Rico.
- The future of the Philippines.

MADRID, AUG. 7.—Spain's answer, accepting all the American terms of peace, was sent to Paris to-night to Mgr. Merry del Val, who will translate it into cipher for transmission to Washington. Del Val is one of the Pope's personal chamberlains now in the Paris diplomatic corps.

The Spanish answer declares Spain cannot discuss the proposals, but only accepts them because they are imposed on her by force.

It leaves the following questions to be decided by peace commissioners: The Cuban debt; the date and manner of evacuating Cuba and Porto Rico; the protection of Spaniards and Spanish interests there; whether Spain shall withdraw her artillery, arms and ammunition now in Cuba and Porto Rico, and the future of the Philippines.

Paris, Aug. 7.—A dispatch from Madrid says Spain accepts the United States' conditions of peace.

Madrid, Aug. 7, 10 p. m.—The Cabinet council, which was adjourned from this morning, terminated to-night after having completely approved the reply to the United States, which, it is said, accepts the American conditions.

The reply will be telegraphed to France to-night, so that M. Cambon, the French Ambassador in Washington, will receive it to-morrow.

The Government is fully convinced that the note will be satisfactory to the Washington Government, and that a suspension of hostilities will be its immediate consequence.

From a well-informed source it is learned that, while the answer does not discuss the four bases which the United States makes an essential preliminary to peace, and which Spain accepts without reservation, it points out that in order to avoid the definitive negotiations being in any way complicated by incidents of the war, it is expedient to agree beforehand to a suspension of hostilities.

It is reported that Duke Almodovar de Rio, the Minister of Foreign Affairs, and Mgr. Merry del Val, now in Paris, will be selected to represent Spain in the negotiations.

The newspapers make no comments on the situation, owing to the strictness of the censorship.

LONDON HEARS OF THE ACCEPTANCE.

Times Says All Authorities
Agree That Our Con-
ditions Prevailed.

London, Aug. 8.—The Madrid correspondent of the Times, telegraphing Sunday, says:

"Today all the best authorities agree that the Government has decided to accept the American conditions. The American reply to Spain's request for explanations reached Madrid Friday evening. The text has not been divulged, but it is known that it brought little consolation.

"President McKinley turned a deaf ear to the suggestion that Porto Rico might be left to Spain and compensation sought elsewhere. Regarding the Philippines, the reply was not altogether satisfactory, but it was of such a nature that there was no longer any necessity for postponing a decision on the main question.

"Meantime Senator Sagasta's extensive consultations seemed to intensify no doubt that the nation wants peace. I do not mean to say that all declared this in plain language. On the contrary, there was a deal of reticence. Some persons had more or less clearly expressed the idea that the best men in the country would patriotically forget for the moment all personal and party considerations and cordially and disinterestedly endeavor to assist the Government in its difficulties.

rap attention to his absurd proposals. As to the contest of Spain's reply the oranges differ. Some say it contains no contentious matter, accepts simply in principle the four demands of President McKinley's first communication, and suggests an immediate suspension of hostilities. On the other hand, others affirm that it is prefaced by an account of the origin of the war, tending to prove that, as Spain was in no sense the aggressor, she ought not to be expected to pay a war indemnity either in money or territory."

150,000 MEN TO BE MUSTERED OUT.

Army Will Be Reduced as
Soon as Spain's Ac-
ceptance Is Received.

Washington, Aug. 7.—The first definite news the White House had of the acceptance was a Madrid special dispatch bulletined here and sent to the Executive Mansion. It was to the intent that Spain's answer, accepting the American terms, had been sent to Paris. The bulletin was sent up to the French Legation, but M. Cambon was not to be seen. He sent out word that he could neither affirm nor deny anything.

There is some discussion here touching the commissioners the President will appoint. Ex-President Harrison, General Tracy and Mr. Olney still have the call in the predictions.

The War Department has reached the conclusion that if the peace negotiations eventuate as they are expected to, the army will at once be reduced. As soon as Spain binds herself to evacuate Cuba and Porto Rico and cedes a naval base in the Ladrones and our right to hold Manila and Subig Bay, 150,000 men will be mustered out of the service as soon as possible.

ment, to the effect that nearly all of the second rate vessels shall come north at the close of hostilities. It was feared the Iowa would not be in condition to go with the fleet on its eastern trip, but it was said to-day at the Navigation Bureau that the injury to the Iowa from the interior explosion of a Spanish shell had already been repaired and that she would certainly be one of the great battle ships with Sampson.

The Navy Department announced two weeks ago that the Eastern squadron would move for the East some time between August 10 and August 15. Since that announcement one of the highest officers in the navy said that the sailing of the squadron had not only been decided upon, but that it would go regardless of the result of pending peace negotiations.

BOAT SMASHED AND 5 DROWNED.

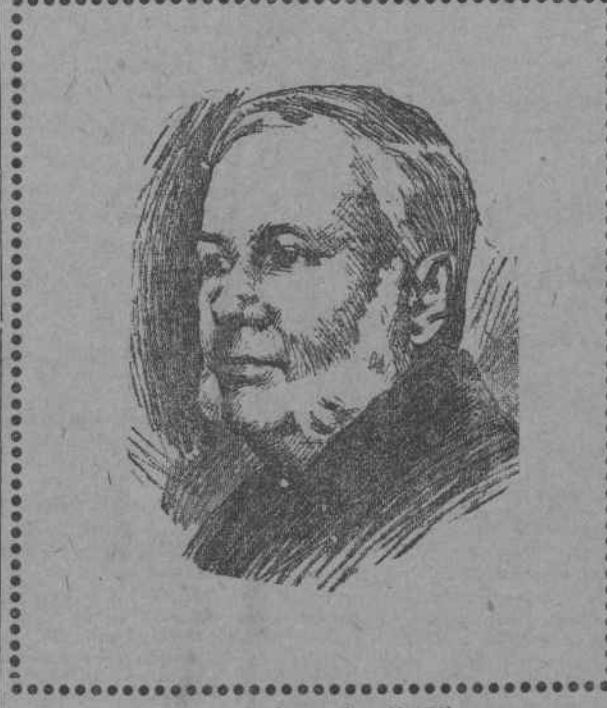

Portsmouth, N. H., Aug. 7.—As a party consisting of Alexander Green, his wife and two children and Wolsang Geiger, his wife and two children, were coming down the Piscataqua River from Great Bay in a rowboat about 8:15 o'clock to-night, the tide, which was setting in strong as they approached the Dover Point bridge, forced their boat violently against the piling, breaking the craft in two and throwing them all into the water.

The cries of the unfortunates were heard by James Drew, the dray tender, and his assistants, who went to their aid and succeeded in rescuing the two men and Mrs. Green, but Mrs. Geiger and the four children were beyond reach and drowned.

FELLED IN A DARK TUNNEL.

Alexander Kleinberg, steward of the steamship Oldie, lying at Harbuck stores, went ashore to visit some friends at No. 10 Atlantic avenue, last evening. While passing through the dark tunnel under Montague street, two men assaulted him.

VAN WYCK AND BLISS ARE THE CANDIDATES TO DATE.

Secretary Cornelius N. Bliss.

"I BELIEVE that Senator Platt is seriously considering Cornelius N. Bliss as a candidate for Governor. I also believe that if the nomination is tendered to Mr. Bliss he will accept."

This information was volunteered to friends at Manhattan Beach yesterday by General Samuel Thomas and confirms the Journal's statement of Thursday. The General is one of the most intimate friends of the Secretary of the Interior. He joined the Committee of Fifty-three movement, but when it played into the hands of the Platt machine by insisting upon the new Primary law he concluded to return to the machine itself.

The General has been at the Oriental for several days, and has had a chance to discover Senator Platt's views. The Senator disappeared from Manhattan on Saturday night, saying that he would be absent from there for several days. In the meantime friends of Secretary Bliss say the two will meet and arrange matters.

Chairman Odell, of the State Committee, who has been talked of as a possible candidate both for Governor and for United States Senator, remained at Manhattan yesterday and sounded the visiting politicians about Bliss. He presumably acted under instructions from his chief.

The Chairman declined to discuss candidates for Governor, explaining that as he would be called upon later to pass upon the question as to who should be nominated, he felt delicate about talking. He said he expected to issue a call for the State Committee meeting within a short time. While the exact date for the State Convention had not been set, he believed it would get together the last week in September.

General E. C. O'Brien was about the Oriental boomerang and everybody else but Black for Governor. Congressman Henry C. Brewster, who is being opposed for a re-nomination by Speaker James M. E. O'Grady and Assemblyman Perkins in the Monroe district, came down to get Senator Platt's help.

He will wait over until he returns. Former Assemblyman Howard White, of Onondaga, talked against Black, and predicted overwhelming defeat if he were renominated. Major Lovell H. Jerome, the leader of the anti-Platt-Roosevelt forces, drummed up recruits for the meeting to-morrow night, at which, he asserts, the Colonel of the Rough Riders will be endorsed for Governor, and Black bowled out entirely as the anti-Platt candidate.

Word reached the Platt machine camp last night that the Black-Aldridge-Payne combination threatened in case Black is not renominated to prevent any present State officer from going on the ticket. This would mean the turning down of Lieutenant-Governor Woodruff and any candidate Platt may have to succeed Secretary of State John Palmer.

The defeat of Addison B. Colvin's aspirations to be the candidate for Comptroller, and the de-thronement as well of Attorney-General Hancock and State Engineer and Surveyor Adams.

It was hinted last night at the Manhattan that Congressman Brewster, if beaten for his present seat, will demand to be the Platt candidate for State Treasurer. He is a candidate now only to head off Charles H. Babcock, of Monroe, the Black-Aldridge-Payne candidate for that place.

FARMERS FOR VAN WYCK.

Democratic Leaders Are All Pit-
ted Against the Flower
Boom.

Mayor Robert A. Van Wyck.

SARATOGA, Aug. 7.—The political wind has veered around since Mr. Croker's arrival here last night, and is now blowing strong and steadily from Freeport, L. I. Indeed, the Tammany chieftain himself has been astonished at the sudden change, but it is understood, has yielded gracefully.

Governor Flower's boom really never was very vigorous and to-day there is little talk of him.

The sudden springing into full grown life of the boom of Mayor Robert A. Van Wyck is not surprising the politicians who have been here for the last week. They have marked its gradual development even while the Flower rosters were shouting their loudest, but the Mayor's real strength did not become an actuality until Mr. Croker's arrival.

The Brooklyn delegation, headed by Messrs. Sheelin, McCarron and Shea, besides several up-State leaders told Mr. Croker that the man who was most popular with all Democrats throughout the State was Robert A. Van Wyck, and that none better than he could be selected to carry the Democratic standard to victory in November. They said the farmers liked Van Wyck's methods and liked the man, and that the sentiment in those who were growing every day. It is said that James Sheelin, McLaughlin's right-hand man in Kings, declared that Brooklyn Democrats would be a unit for Van Wyck.

Mr. Croker was tremendously surprised and asked: How it was that the Mayor's stock had risen so suddenly and rapidly. He was told that there were a number of reasons, not the least being the Mayor's gallant rescue from drowning of three young women at Freeport, L. I., last week.

The Mayor is expected to join Mr. Croker and party here on Tuesday, and when he arrives he will be a little astonished at the ovation he will receive. It is not improbable that the strong feeling in his favor may resolve itself into a formal demonstration of some kind.

As a matter of fact, the Mayor at the present moment seems to be the only available candidate," said Judge Swanwick, of Saratoga. "Stanfield is out of it by the declaration against him of the influential neighbors in Tompkins County; Flower is out of it, and Murphy doesn't want the nomination. There is in short no other man, in the opinion of those who read the signs shrewdly, so thoroughly equipped to bring out the full Democratic vote."

The Brooklyn men and many country Democrats are also talking of Judge Augustus Van Wyck, in case the Mayor should declare himself out of the race. As one of them has said: "The Mayor is a good candidate for Governor, then the Judge is also, for he arrives he will be a little astonished at the ovation he will receive. It is not improbable that the strong feeling in his favor may resolve itself into a formal demonstration of some kind."

Albany, Aug. 7.—Thomas W. Cantwell, a banker of this city, and Chairman of the Executive Committee of the Local Democratic League, said to-day that he was about to issue a call for a meeting of the 283 representatives of the Local Silver Clubs, in the city, Mr. Cantwell says, is in effect a warning against Mr. Croker's supposed plan to nominate Mr. Flower and a reiteration of the Chicago platform principles. The object of the call is to bring about a conference, at which the organization for campaign purposes will be perfected.

In Mr. Cantwell's opinion, Danforth is the most available candidate for Governor. Mr. Cantwell says that the Local Democratic League will certainly not support Flower, and without that support no man can pull through, whatever his backing.

PLANNING TO GREET HEROES.

Heartiest Approval Everywhere of the
Journal's Movement to Give Returning
Soldiers an Enthusiastic Welcome.

The Journal's suggestion to give an enthusiastic welcome home to our gallant soldiers on their return from Cuba is meeting with the heartiest approval everywhere. The meeting in the Waldorf-Astoria this afternoon to arrange plans for the heroes' reception promises to be largely attended by well known men, including veterans who served with distinction in the war of the rebellion.

The officers of the Seventy-first Regiment Veterans' Association will lend their valuable cooperation. When he recovered his senses he found that he was in the hands of the police. He was unable to give an accurate description of the highwaymen. Several robberies have been committed recently in the same locality.

CUBAN FLEET STILL INTACT.

Sampson's Vessels Tied Up at
Guantanamo Awaiting
Orders to Move.

Playa del Este, Guantanamo Bay, Aug. 7.—The fleet is still here intact awaiting word from Washington.

The collier Lebanon, towing a coal schooner, arrived to-day. The schooner Admiral Sampson, with provisions for sale, also arrived. Both schooners are from Key West. The converted yacht Vixen was sent to Santiago this morning to get the registered mail held there for the fleet.

Police Investigating a Plot
Which Might Have Involved
Premier's Assassination.

Madrid, Aug. 7.—El Epoca states that the police are investigating an Anarchistic plot against the life of a high political personage.

It is claimed that it was to have been carried out to-morrow, upon the occasion of the anniversary of the assassination of Senor Canovas del Castillo.

PLAYED DEAD TO ESCAPE ARREST.

But a Wily Policeman Revived Rosso
Rangesso, and He Remained
in Jail.

Rosso Rangesso attended a growler party last night at No. 445 East One Hundred and Thirtieth street, which broke up in a riot. Policemen Beck tried to quell the row, and was set upon by half a dozen men. His night stick was thrown from a window, and the blow upon the pavement brought four policemen to the rescue. Rosso Rangesso was bleeding quietly on the sidewalk when order was restored.

SHAFTER'S ARMY MAY BE DELAYED.

Poor Wharfage Facilities at
Santiago Retard Ship-
ping of Troops.

Washington, Aug. 7.—Secretary Alger is apprehensive that the small wharfage resources of Santiago will seriously retard the execution of the department's orders for the speedy return to the United States of Shafter's army corps.

With the Spanish steamers coming in to take away the unneeded army of General Toral, which must be removed first before it will be safe to withdraw the whole of the American force, it is going to be difficult to embark the latter without incurring danger of a severe congestion in the unhealthy town.

It is believed the whole of Shafter's soldiers cannot be embarked before the first of September.

TILL TAPPERS NEATLY CAUGHT.

The Armed Policemen of Newark Cleverly
Lands Three Well-Dressed
Young Men.

Three well dressed young men, who gave their names as Thomas Murtha, of Columbus, O.; Frank Davis, of Hoboken, and William O'Brien, of Boston, will be arraigned before Justice Lambert, in Newark, today, on a charge of all tapping. They were arrested last evening through clever work on the part of John Leonard, the Mayor's one-armed special policeman.

The three men, dressed in the latest style, were seen by a saloon kept by a Mrs. Fisher. Later one of them returned and induced Mrs. Fisher to go out on the sidewalk. Then his confederates entered by a side door and stole \$80 from the till.

Policeman Leonard saw the men hurrying from the neighborhood, and when Mrs. Fisher ran screaming into the street shortly afterward he started in the direction which the trio had taken, and later ran across them on Halsey street. One of them had entered a saloon and was preparing to repeat the game.

Realizing that he could not handle the three men, Leonard telephoned to the First Precinct station, and three officers in citizens' clothes went to his aid. By appeared he signalled them to arrest the two men who were on watch about half a block from the saloon, and they did so. He then rushed into the saloon and captured the other one. They were all locked up.

GYPSIES STOLE THEIR BABY GIRL.

Mr. and Mrs. Conklin Left Their Little
One Asleep Under a Tree, and
She Was Kidnapped.

Binghamton, N. Y., Aug. 7.—A case of kidnapping by gypsies that occurred in Delaware County has just come to light. The victim is Lucy, the four-year-old daughter of Mr. and Mrs. George Conklin, who live near Walton.

On the afternoon of July 14 Mr. and Mrs. Conklin went into the woods to pick berries, taking the little one with them. They left her under a tree asleep, and when they returned a short time afterward she was gone. The woods near by and the Walnut road miles were thoroughly searched, but no trace was found.
